

Your Animal Cell City

Name of City/Place: _____

Protein: _____

Mitochondria: _____

Ribosomes: _____

Nucleus: _____

E.R.: _____

Golgi Bodies: _____

Cell Membrane: _____

Lysosomes: _____

Nucleolus: _____

Vacuoles: _____

Animal Cell City Questions

1. Explain WHY you chose your analogy for each organelle, and why it makes sense.

a. Mitochondria _____

b. Ribosomes _____

c. Nucleus _____

d. E.R. _____

e. Golgi Bodies _____

f. Cell Membrane _____

g. Nucleolus _____

h. Vacuoles _____

i. Lysosomes _____
